

Lighthouse After School 2019-20

ART CLASS

with Carolyn Balogh

Record Your World Aug 26 - Oct 3

DRAWING/PAINTING

From dots to line, from edge to value by shading. Learn tricks to capture your ideas on a two-dimensional surface. Draw from life and your imagination, in black and white and color. Tempera paint will be explored as well.

Make It, Rip It Up and Make It Again Oct 8 - Nov 14

COLLAGE

Combine drawing, painting and 2-D materials to the surface of your artwork. Create and re-create your artwork, making collages ranging from landscapes to dreams, from portraits to abstractions.

Creative Clay Nov 18 - Jan 23

CERAMICS

Turn dirt to rock! Have you ever wondered how to transform the clay beneath your feet into a lasting artistic creation? Come try your hand at pinch, slab and coil building techniques, and leave with a mirror of your imagination.

Magnificent Editions Jan 27 - Mar 12

PRINTMAKING

Experiment with making prints by hand from your original design. Learn to pull a gentle ink print and build up and burnish intaglio prints. After carving linoleum blocks, you'll pull one and multi-color prints, of which you can then make each unique by hand coloring.

Color Your World March 16 - May 8

PAINTING

Wet and wonderful watercolor, tricky tempera and outrageous oil pastels will be the medium we use to let your ideas flow. Abstract, symbolic and realistic are the subject matter with which we will experiment.

Sign ups / Permission Slips are due to your school's main office two weeks before the class is scheduled to start. If signing up for multiple classes, please list classes in priority order, and placements will be determined by lottery. You will be notified of your enrollment one week prior to the class beginning. Regular attendance is expected and multiple absences will result in a loss of class placement. Please see your site secretary or the AUSD Lighthouse After School Website at www.atasusd.org for more information.
